

John McDorman

MANAGER OF

Farm Development

FRANK F. REED
CASS COUNTY FARMS

JOY MORTON
THOMPSON LAKE FARMS

Beardstown, Illinois

7/3/23

Mr. A. D. Myllie

Lisle Ill.

Dear Sir:—

Enclosed find statements

from various dealers.

I have not written lately - as I
feel there is nothing to report on.
The corn prospect is hopeful.
We are trying to plow for the
summer forage crops - but wet
weather has held us back.

I am looking for Mr. Morton down
this week. I will be glad for

him to see ^{2.} the situation.

The men have built some fence and cleared some stump land the past few days. They have been fencing in some brush & timber land for a run or pasture lot for mules.

Then the North Camp has built the north and south fence between the Shaw land and our camp.

Will expect to meet you in Lewistown one week from today.

Yours truly
John M^e Dorman
