Ginkgo biloba

UNACCESSIONED

Various plants of diverse and UNKNOWN ORIGINS growing on the grounds of the Arboretum. Most of these plants are untraceable in present records-EAH 31JUL80

- 1 plt apparently moved from the Frost Hill area without a label to the C-50 area in the Spring of 1980- This plant is about 10-12' tall & has a broadly spreading growth form. (all 1980 transplants are accounted for- this is an odd man out)- *maybe G. b. 'canopy' moved to arbordale in 1959 - EAH*
- 2 gone from Meadow Lake area R-45/20-90 & R-46/05-45 by FEB80 CA *658-57*
- 1 in reading garden transferred 18may82 to 697-63 unkn.
- 1 in magnolia located 8NOV83
