**ACCESSION DEAD**

Vinca minor

(Vinca minor 'Bowles')

50 Plts., Cunningham Gardens, Waldron, Ind.

*S-50* 50 Plts., to Grd. Cov. Coll., s.'67, '69

*Label corr op '76*

There is a bit of confusion here. V. minor 'Bowles' died in 1972 and an unknown source of V. ~~minor~~ invaded the spot where the Bowles was. Thus at time of determination of nomenclature the 'Bowles' was inadvertently name the type.

Since V.m.'Bowles' died this accession should be considered dead-- & not used for an unknown V.minor invader--
